February 4, 1961

Mr. Frank Reese  
Business Manager  
Office of State Engineer  
403 State Capitol  
Salt Lake City, Utah

Dear Mr. Reese:

Enclosed is your sheet with the totals of water in acre feet delivered from Little Bear River during 1960.

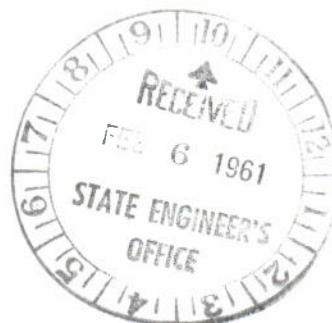

Also enclosed are two new copies of the 1960 Report for Little Bear River. Another error showed up on page No. 7 of the report. The correction has been made in these two copies and new sheets will be delivered to all holders of the report. Three extra sheets of the Page No. 7 are enclosed.

Sorry these errors were not caught when the first change was made on that page.

Please save the two copies you now have and I will pick them up when I am in Salt Lake City about February 10, 1961.

Very truly yours,

*Erwin U. Moser*
